Dear friends of music,

Music school of Franjo Kuhač unfortunately had to cancel the 12th International EPTA Competition "Dora Pejačević" for Young pianists, which was scheduled to be held from 28th to 30th May 2021, because we did not get permission from Croatian Civil defence headquarters.

The organization and preparation of such a large international competition requires more lenient measures than those currently in force to engage large numbers of people and activate multiple sources of funding.

Despite our great desire and the efforts made so far, as well as suggestions to adapt the organization of the competition to the current circumstances, we did not get the permission of the Headquarters. Therefore, we are not able to initiate the full range of necessary preliminary preparations for the competition.

The registration fee will be refunded in full to all registered candidates, and you will be contacted by email about the necessary information.

Thank you for your cooperation, expressed interest and effort. We sincerely hope that a better time will soon come in which our profession will have the opportunity to work without facing such insurmountable obstacles.

With kind regards,

headmistress Sunčana Bašić and the Organizing Committee of the competition
